

REGULATIONS

All registrations for the TREG®CABO VERDE TRAIL 2027 imply tacit acceptance of the following rules.

All competitors are also invited to carefully read the general terms and conditions of sale and our privacy policy, which are available on the website www.le-treg.com

1.1: EVENTS

The TREG® CABO VERDE TRAIL is a long-distance trail running event, taking place on arid or rocky terrain in a mountainous environment. The start and finish of these events are located in Cape Verde on the island of Santo Antao.

The TREG® CABO VERDE TRAIL is a race of approximately 130 km, with an elevation gain of approximately 9,500 metres, which takes place in 5 stages of varying distances between 11 and 31 km, with self-sufficiency in terms of food during the stage and at your own pace. Each stage must be completed within a time limit, coupled with time barriers. Navigation is done using a GPS (provided by the organisation).

The TREG®CABO VERDE TRAIL is organised by SAS TRAIL AFRICA ORGANISATION in partnership with the NOBAI TREKKING agency.

PROVISIONAL PROGRAMME (subject to possible adjustments depending on flight connections):

Friday 30th April: Departure from Paris on a scheduled flight to Sao Vicente (via Lisbon) - Overnight stay at a hotel in Sao Vicente (for those who have chosen to depart from Paris).

Saturday 1 May: Acclimatisation Day in Sao Vicente. Technical and medical checks. Overnight stay at a hotel in Sao Vicente

Sunday 2 May: Morning transfer by boat to the island of Santo-Antao. Transfer by minibus to base camp. Check-in at hotel. Technical and medical checks – GPS training – Briefing on stages – Overnight stay in Tarrafal

Monday 3 May: Stage 1: Tarrafal - Monte Trigo

Tuesday 4 May: Stage 2: Monte Trigo - Alto Mira

Wednesday, 5 May: Stage 3: Alto Mira – Cha de Igreja

Thursday 6 May: Stage 4: Cha de Igreja - Coculi

Friday 7 May: Stage 5: Coculi - Paul

Saturday, 8 May: Early return to Sao Vicente - Free day in Mindelo at the beach and/or sightseeing - Awards ceremony - Fiesta - Night at the hotel

Sunday 9 May: Return flights via Lisbon with TAP – Arrival in Paris late in the evening.

Accommodation will be in comfortable hotels that meet local standards.

Specific activities will be organised for supporters (short hikes, meetings with locals, etc.).

1.2: PARTICIPATION

The TREG®CABO VERDE TRAIL is open to anyone, male or female, born in 2008 or earlier, licensed or unlicensed, with mountain trail running experience (> 20 km) strongly recommended.

As an exception, individuals born between 2009 and 2010 will be allowed to participate in the event provided that their parents sign a waiver expressly stating that they take full responsibility for the minor competitor's participation in one of the races and that they undertake to accompany them throughout the event.

1.3: FOOD SELF-SUFFICIENCY TRAIL

The stages are self-sufficient in terms of food during each stage. The organisation provides water supplies at each refreshment point, located approximately every 10 to 15 kilometres. Water bottles or water pouches may be filled to a maximum of 3 to 4 litres per person, depending on the refreshment point.

Each runner must ensure that they have the following at the start of each stage:

- a minimum of 2 litres of water and 1,500 calories, unless otherwise specified by the organisers.

No personal assistance is permitted on the course outside the designated checkpoints (PCs). It is strictly forbidden to be accompanied on the course by anyone other than a duly registered competitor.

1.4: REGISTRATION CONDITIONS

The weather conditions during the event can be difficult (night, heat, wind, etc.). Excellent training and a genuine ability to be self-sufficient are essential for the success of such an individual adventure.

To register for the ULTRA CABO VERDE Trail, it is strongly recommended that you have already completed at least one mountain trail of at least 20 km.

The documents to be provided are:

- for all registered runners or walkers, a medical certificate specific to the TREG, dated within the last year, must be completed by a doctor.
- for registered runners or walkers, a resting electrocardiogram dated less than two years prior to the start of the race

The medical certificate and ECG (electrocardiogram) must be sent to Isabelle Paucot by 31 March 2027 at the latest, by email to i.paucot@le-treg.com. After this date, the registration will be cancelled and the registration fees lost.

In addition, runners must bring the originals or a COMPLETE copy of the documents (ECG/stress test) with them in their luggage to present at the individual medical briefing.

1.5: ACCEPTANCE OF THE RULES

Participation in the various TREG® CABO VERDE TRAIL races implies unconditional acceptance of these rules published by the organisation, which can be consulted in the "Terms and Conditions" section of the website and are included in your "Registration" pack.

1.6: MAXIMUM NUMBER OF PARTICIPANTS

For its third edition, the number of competitors entered in the TREG®CABO VERDE TRAIL events is limited to 75 people, including runners and supporters.

Any incomplete registration forms will be rejected. The registration fees include all the services described in these rules. You will receive confirmation of your registration by email, as well as final confirmation once all payments have been received.

Please consult our general terms and conditions of sale, available at www.le-treg.com.

1.8: SPONSORSHIP

It is possible to sponsor other competitors by registering them through you. For each confirmed sponsorship that you initiate, a deduction of €100 will be applied to your next payment (or a refund of €100 will be granted if you have paid in full at the time of sponsorship).

A confirmed referral is acquired when the referred competitor has paid the first instalment of their registration fee. You can refer as many competitors as you wish, and this discount is cumulative. Each referral must be formalised by a referral form completed and signed by the referred competitor.

Referrals are cumulative but do not apply in the case of discounts offered to a specific group.

1.9: CANCELLATION OF REGISTRATION

If you are obliged to cancel your participation in one of the TREG® CABO VERDE TRAIL events, you must inform TRAIL AFRICA ORGANIZATION by registered letter with acknowledgement of receipt to the following address:

TRAIL AFRICA ORGANISATION
 5 avenue Marmontel
 92500 RUEIL MALMAISON

The date of receipt of the letter by TRAIL AFRICA ORGANISATION will be used as the cancellation date for the calculation of cancellation fees.

In the event of cancellation, cancellation fees will be charged according to the following scale:

- before 31 October 2026, the cancellation fee will be 80 €
- between 1 November 2026 and 31 March 2027, the cancellation fee will be 800 €
- between 30 and 21 days prior to departure, the cancellation fee will be 35% of the registration fee
- between 20 and 14 days before departure, the cancellation fee will be 50% of the registration fee
- between 13 and 5 days before departure, the cancellation fee will be 75% of the registration fee
- Less than 5 days before departure, the cancellation fee will be 100% of the registration fee

Bibs are personalised and non-transferable. No exchange of bibs is possible.

1.10: EQUIPMENT FOR THE TRAIL

1.11: MEDICAL CERTIFICATE

Participation in any of the TREG® CABO VERDE TRAIL events, which take place in unusual and extreme environments, requires not only appropriate training but also good health at the time of participation.

A medical certificate (TREG model) less than one year old, signed by your doctor, is required for all runners or walkers, as well as:

- **A resting ECG less than two years old** at the start of the race for all runners or walkers registered for the race

The medical certificate and ECG (electrocardiogram) must be sent to Isabelle Paucot by 15 April 2027 at the latest, by email to i.paucot@le-treg.com. After this date, the registration will be cancelled and the registration fees lost.

In addition, runners must bring the originals or a COMPLETE copy of the documents (ECG/stress test) with them in their luggage to present at the individual medical briefing.

It is important that you start the TREG® CABO VERDE Trail events in perfect physical condition, as a latent condition can worsen significantly in the extreme conditions of the event and make rescue even more difficult. Competitors undertake to inform the medical team of any health problems, even minor ones, that they have encountered.

1.12: TECHNICAL AND MEDICAL CHECKS

Technical and medical checks will take place on Saturday 1 May 2027 at the accommodation. Each competitor must present their compulsory equipment to the organisers, namely their race gear and medical kit.

Any runner who is not in possession of all of their mandatory equipment will be immediately disqualified, without any possibility of appealing this decision and without reimbursement of any costs incurred.

1.13: BIBS

The bib must be worn on the chest or stomach and must be visible at all times and in its entirety throughout the race. It must therefore always be positioned above any clothing and may not under any circumstances be attached to a bag or leg. The names and logos of partners must not be altered or concealed.

1.14: TIMING AND SAFETY TAG

When bibs are handed out, each runner will be given an individual tag for timing and personal safety purposes. This tag must be placed as stipulated in the technical instructions. Each runner is responsible for the proper use of the tag. Runners cannot be tracked or timed in the following cases:

- failure to wear the beacon;
- failure to switch on the tag
- if the beacon is lost;
- damage to the beacon;
- the beacon is worn incorrectly.

Competitors undertake to attend the briefing on the use of the beacon, which they must carry with them during the race, with the beacon switched on at all times and in their bag, along with the beacon user guide provided by the organiser.

Competitors are also fully aware that their position cannot be known to the organisers if they remain for a prolonged period in a cave, cavern or narrow canyon. In order to be located, competitors must be visible under a clear sky.

1.15: COMPETITORS' LUGGAGE

Each competitor must bring their own travel bag for their personal belongings (change of clothes, toiletries, etc.) and, if applicable, a bag for the race. The total weight of your luggage may not exceed 20 kg for your main bag and 5 kg for your hand luggage. It is recommended that you do not place any valuables in your luggage. Participants are responsible for their luggage throughout their stay. It is advisable not to leave anything visible in your room, especially mobile phones.

1.16: CHECKPOINTS AND EMERGENCY STATIONS

Along the route of each stage, riders must pass through checkpoints (CPs) located approximately every 10 to 15 km, depending on the route of each stage.

These checkpoints will have several functions:

- they will provide competitors with water (up to a limit of 3 or 4 litres per person);
- they will allow competitors to rest on mattresses;
- they will provide minor first aid to competitors if necessary.

1.17: SAFETY AND MEDICAL ASSISTANCE

A doctor and a nurse specialising in this type of event will be present throughout the race. A flying vehicle will follow the race with the doctor on board, in telephone contact with the control centres, and will be able to intervene as quickly as possible.

Rescue personnel are responsible for assisting anyone in danger using the organisation's own resources. Official doctors are authorised to disqualify (by invalidating the bib) any competitor who is unfit to continue the event. First aiders are authorised to evacuate runners they deem to be in danger by any means at their disposal.

If necessary, for reasons that are always in the best interests of the person being rescued, the operations management will use all appropriate means to evacuate them. The costs resulting from the use of these exceptional means will be borne by the person being rescued. They may then submit a claim to their personal accident insurance.

Any runner who calls on a doctor, nurse or first-aider is effectively submitting to their authority and undertakes to accept their decisions.

Competitors are aware that in the event of extreme fatigue, their behaviour and decisions may be impaired. It is their responsibility to avoid reaching this state. The organisers cannot be held responsible for the consequences of absurd or ill-advised decisions made by competitors.

1.18: WEATHER CONDITIONS

Average temperatures in May: 26°C during the day, 20°C at night.

1.19: MAXIMUM TIME ALLOWED AND TIME BARRIERS

A maximum time for completing each stage will be set and communicated a few weeks before the event.

Time barriers may also be set for each refreshment point (PC), but they will always be accessible to an endurance walker. These time barriers are calculated to allow participants to reach the finish line within the maximum time allowed, while making any necessary stops (rest, medical care, etc.). To be allowed to continue the event, competitors must leave an RP before the set time limit (regardless of their arrival time at the RP).

The organiser reserves the right to make exceptions to these rules in special circumstances (a competitor falling behind after helping another competitor, specific race conditions, etc.).

Any competitor who is taken out of the race will be transported by vehicle to the stage's base camp within a time limit that the organisation cannot guarantee. They will not be considered a "Finisher" under any circumstances. In the event of bad weather conditions and/or for safety reasons, the organisers reserve the right to cancel and/or stop the race in progress, or even to modify the time limits.

1.20: WITHDRAWAL AND RETURN

Except in the event of injury, a runner must not withdraw anywhere other than at a checkpoint. They must then notify the checkpoint manager, who will be responsible for organising their repatriation by vehicle to the base camp when possible.

In the event of adverse weather conditions justifying the partial or total stoppage of the race, the organisation will ensure the repatriation of the runners who have stopped as soon as possible.

In the event of a compulsory withdrawal between two checkpoints due to the competitor's physical or mental condition, the competitor (or another competitor coming to their aid) must use the "Request for assistance" function on their tracking device to notify the race organisers.

1.21: PENALISATION - DISQUALIFICATION

Controllers on the course are authorised to check the compulsory equipment and, more generally, compliance with the rules (respect for the sites, ethics, illegal assistance or accompaniment, bib not visible on the front at all times, etc.).

Any runner who is not in possession of all their compulsory equipment during a check on the course will be immediately disqualified, with no possibility of appealing this decision.

A minimum penalty of 6 hours will be applied for any other breach of the rules.

The inspector will notify the race control centre and may request the disqualification of the competitor, depending on the seriousness of the offence and the behaviour of the runner. The race jury may disqualify a competitor for any serious breach of the rules, in particular in the event of:

- wearing a non-compliant bib;
- failure to present identification;
- failure to switch on the beacon;
- deliberately switching off the beacon;
- GPS not switching on;
- deliberate switching off of the GPS;
- failure to comply with instructions given by the control centre;
- use of a means of transport;
- departure from a checkpoint after the time limit;
- failure to check in at control points;
- failure to assist a competitor in difficulty;
- personal assistance outside the official refreshment areas;
- failure to comply with the prohibition on being accompanied on the course;
- pollution or damage to sites by competitors or members of their entourage;
- insults, rudeness or threats made against members of the organisation or local residents;
- refusal to be examined by a doctor from the organisation at any time during the event;
- doping or refusal to submit to anti-doping testing.

1.22: COMPLAINTS

Any complaint by a competitor must be made in writing and addressed to the Race Director within 12 hours of the provisional results being posted.

1.23: ANTI-DOPING CONTROL

Any competitor may be subject to anti-doping control during or at the finish of one of the TREG®CABO VERDE TRAIL events. Refusal to submit to such control will result in immediate disqualification.

1.24: EVENT JURY

COMPRISES:

- the organiser;
- the race director;
- the head of the medical team;
- the managers of the relevant control points;

- as well as any other person deemed competent by the Organising Committee.

The jury is authorised to rule on any disputes or disqualifications arising during the event within a timeframe compatible with the requirements of the race. Its decisions are final.

1.25: CHANGES TO THE COURSE OR TIME LIMITS

CANCELLATION OF THE RACE

The organisers reserve the right to modify the routes and the locations of checkpoints, first aid stations and refreshment stations at any time without prior notice. They undertake to inform competitors as soon as possible.

In the event of adverse weather conditions (wind, storm, etc.), the start times may or may not be postponed, depending on the stage concerned. The organisers will make every effort to organise the start of each stage, even if shortened, in accordance with the safety of the competitors. If no solution can be found, a stage may be cancelled.

In the event of bad weather conditions, and for safety reasons, the organisation reserves the right to cancel and/or stop the stage in progress, or even to modify the time barriers.

The cancellation, postponement or modification of a stage does not entitle participants to a refund of their registration fee.

All decisions will be taken by a jury comprising at least the race director, the organiser and the safety coordinator, as well as any other person deemed competent by the Organising Committee.

1.26: INSURANCE

The organiser takes out civil liability insurance to cover the financial consequences of its liability, that of its employees and that of the participants.

The organiser will provide each runner or supporters with repatriation and medical assistance insurance taken out with an organisation such as Mondial Assistance.

The above-mentioned insurance agreement will be provided to each competitor on request once their registration has been confirmed.

1.27: ROADBOOK AND ROUTE GUIDANCE

A detailed description of the route for each stage will be provided when bibs are handed out.

It includes practical information such as cut-off times, CPs (refreshment points, rest areas, first aid stations), etc. A single copy of this booklet will be given exclusively to registered participants.

A portable GPS device (with spare batteries) will be provided to each runner with the routes for each stage to be followed. Training in the use of this GPS device will be given on Saturday 1 May 2027 at and around the accommodation. Competitors acknowledge that they are familiar with the principles of using a GPS navigation device suitable for trekking and undertake to attend the training session provided at the bivouac. Competitors must switch on their GPS devices before the start of each stage and undertake not to switch them off during the entire stage. Competitors undertake not to deliberately deviate from the route of the stage programmed into the GPS and, in particular, not to take shortcuts. Doing so could jeopardise their safety.

A tracking beacon with an emergency call function will also be provided to each runner for their safety. They undertake to leave it switched on at all times, to ensure that it is positioned at the top of their bag during the event, and they understand that it is activated by pressing and holding one of the call buttons for 3 seconds. Runners are also aware that the beacon signal cannot be transmitted inside a cave, under a rock or close to a large rock. Similarly, runners undertake to switch on their GPS and not to rely on other competitors to guide them.

The portable GPS and beacon must be returned to the organiser at the finish of the event. A deposit cheque for €500 will be requested to guarantee the return of this equipment and will be cashed if it is not returned at the end of the event.

1.28: RANKINGS AND AWARDS

Only runners who cross the finish line of each stage will be ranked in order of priority, followed by competitors who have not completed all stages in order of kilometres covered. No cash prizes will be awarded; all "Finisher" riders will receive the same specific prize. An overall ranking for men and women and a ranking for each men's and women's category will be established for each event. The male and female winners of each race will receive a trophy and/or a prize.

The categories ranked are:

- Espoir M & W
- Senior M & W
- Master 0 to Master 10 M & W

Details of the prizes will be provided on request when bibs are handed out.

The term "Finisher" refers to all participants who reach the finish line of each stage before the time limit.

1.29: IMAGE RIGHTS

By participating in the TREG®CABO VERDE TRAIL, each competitor authorises the organisation (or its assignees) to use or have used, reproduce or have reproduced:

- their name,
- their image,
- their voice
- and their sporting performance

in the context of the race for any direct or derivative use of the event, including, but not limited to:

- paper media (photographic prints),
- catalogues and various publications, CD-ROMs/DVD-ROMs and other digital media known and unknown to date,
- all audiovisual media, in particular cinema, TV and all means inherent to this mode of communication, the internet (including intranets, extranets, blogs and social networks), all reception vectors combined (smartphones, tablets, etc.),
- press media (television commercials, cinema commercials),
- internal communication media,
- promotional media (POS advertising, digital signage, poster campaigns in all locations, all sizes and on all media (urban, airports, stations, public transport, etc.),
